# GLOBAL COSMETIC MANUFACTURING SOLUTIONS

We craft unique solutions to help your business stand out and grow in the ever-evolving beauty & personal care market.

## ABOUT US

We are your strategic partner, delivering expertise, dedicated support, and top-tier quality to drive the success of your skincare brand.

BB Derma delivers a full spectrum of tailored manufacturing solutions for brands aiming to launch or expand their presence in the beauty and personal care market. With deep industry experience and advanced technical capabilities, we specialize in the development and production of **facecare, bodycare, baby care, men care, hair care, fragrances** and **hygiene products**.

One of BB Derma's core strengths lies in its flexible service model, offering both Private Label solutions – using our ready-made, proven formulations – and Contract Manufacturing for clients with proprietary formulas or unique specifications.

For over a decade, BB Derma has partnered with brands primarily across the Middle East and globally, delivering customized cosmetic products aligned with each client's unique brand identity and market needs. We support our partners at every step of the process – from concept to formulation, testing, packaging, and delivery.

By closely tracking ingredient innovations and evolving market trends, we ensure fast turnaround times without compromising on quality. Our development approach reflects your brand's values, creativity, and strategic direction, empowering you with impactful, high-performing products that give your brand a competitive edge.

With nearly a quarter century of experience, we have perfected our partner collaboration processes, transforming them into a seamless system.

### **Meeting Unique Needs With Flexibility**

whether clients provide their own formulations, request new development, or share a product sample, the priority remains the same: delivering complete satisfaction.

### **A Solid Business Foundation**

With a flexible approach to minimum order quantities, we aim to accommodate and fulfill even small-scale production requests

### **Extensive Packaging Options**

A broad selection of packaging materials is available to help achieve the desired look, supported by creative suggestions that enhance brand impact.

### **Innovative and Experienced Laboratory Team**

Driven by the latest research and industry trends, our expert lab team operates under strictly controlled manufacturing standards to ensure consistent quality and innovation.

### **Flexible Production Capabilities**

From large-scale mass production to exclusive luxury batches, our adaptable production lines accommodate both small and high-volume orders with ease
