

KUMTEL®

**BUILT-IN OVEN - HOB - MINI OVEN - FREESTANDING OVEN
SMALL HOME APPLIANCES - HEATER - FAN CATALOG**

ABOUT US

KUMTEL Inc. has been operating in Kayseri since 1972. Our main goal is to add value to our nation through local domestic production. Once we set our goal, our company has grown into an enormous incorporated industrial innovation. We are constantly involving new technology into our manufacturing facilities, as well as structuring our production activities in an environmentally responsible manner.

One of our major principles is to attain and maintain the highest level of customer satisfaction, and to provide fast and efficient service through an extensive service network. With creating our products in a quality manner we provide the opportunity of the quality life for our customers.

Our slogan “Cooking and Heating is Our Job” has shaped our R&D studies by aiming for increase of quality and for being opened for any kinds of innovations what the market requires. As a result of our effort Kumtel has become a well-known brand. We have been exporting 70% of our products into the global market to over 120 countries.

Today we still successfully represent Turkey’s household appliances industry across all continents.

HISTORY OF KUMTEL

**1972
FOUNDING**
KUMTEL started its operations with a money-box telephone in Kayseri in 1972.

**1973
MONEY BOX PHONE**
With the money-box phone production, KUMTEL succeeded to be the first local phone manufacturer.

**1976
CERAMIC STONE HEATER**
KUMTEL entered to the heating sector with the production of the ceramic stone heater.

**1980
KUMTEL CARPET SWEEPER**
Iconic small appliance of 1980s, CARPET SWEEPER, added to the product range.

**1985
MINI OVEN**
KUMTEL stepped into the cooking sector with the production of mini ovens.

**1987-1988
LAND PHONE - QUARTZ HEATER**
Both heating and communication technology continued to develop.

**1995
ECORAY**
With ECORAY infrared heater, KUMTEL has become the market leader of Turkey in the heating sector which it still keeps the position.

**2003
AMONG THE TOP 500 INDUSTRIAL COMPANIES**
Since 2003, KUMTEL among Turkey's top 500 industrial enterprises.

**2000
PRODUCT RANGE IS EXPANDING**
Closely following the developments in the sector, KUMTEL included free-standing ovens, cookers and small appliances to its product range.

**2020
CONTINUES TO DEVELOP**
Our company has the mission of delivering the best quality products to the customers and aiming to maintain its steady growth in the following years.

**2016
BUILT-IN APPLIANCES**
KUMTEL entered in the built-in appliances and get significant market share in a very short time.

BUILT IN Oven

SYMBOLS and EXPLANATIONS

Burner: Provides illumination inside the oven.

Electric Hotplate: The electric hotplate offers quick and efficient heating for cooking with precise temperature control.

Gas Cut-off Safety System: The gas cut-off safety system automatically stops the gas flow in case of a flame extinction, ensuring safety.

Product Dimensions: This icon indicates the product's width, allowing you to easily check if it fits your space.

Tribble Wok: This icon indicates that the product features a Tribble Wok, providing the ability to cook over a large surface area.

Auto Ignition: This icon indicates the product features auto ignition, where the flame is automatically ignited without the need for user intervention.

RANGE hood

Discover our high-quality, affordable range hoods with powerful suction. Designed for efficiency and style, they eliminate odors and smoke, ensuring a fresh and clean kitchen
