Sleep in Style

Bringing Comfort and Elegance to Your Sleep Experience!

At **Aus Textile**, we reflect our half-century of textile expertise into home textiles. With over 15 years of specialization, we prepare a wide product range all with a focus on design and quality, offering products where comfort and elegance meet at home.

With our extensive fabric options and unique design palette, we create solutions tailored to every taste and living space. Inspired by contemporary trends, our design team develops special collections that balance aesthetics, comfort, and functionality.

At Aus Textile, we prioritize quality and creativity at every stage – from fabric development to pattern design, from production to packaging details. By combining aesthetics and comfort in home textiles, we create a stylish and eco-friendly sleep experience for your home.

TWINFORSE

Sustainable Comfort
Inspired by Nature

The Twinforse Group is a true reflection of our sustainable production approach, carefully woven with 0% recycled polyester and 50% recycled cotton blended yarns.

The collection offers a wide palette of soft, natural tones. Since no additional softening process is applied during dyeing, the fabrics retain their natural softness.

With their gentle touch achieved through normal washing, these products stand out as both eco-friendly and comfortable.

They can be washed and ironed at low temperatures, ensuring durability and easy care.

Offered in mélange and natural tones, Twinforse is an aesthetic and functional choice for environmentally conscious living spaces.

LINEN LINE

The Pure and Elegant Touch
of nature

The Linen Group, with 15% linen fiber content, brings the unique character and elegance of natural linen into home textiles. Thanks to natural washing, the authentic look of linen is highlighted while offering a soft hand feel.

Contrary to linen's reputation for stiffness, its woven structure provides warmth and a cozy user experience.

With a variety of dobby weave patterns, the collection adapts to both classic and modern design concepts. Offered in the original natural shade of linen, this collection is a timeless option for those who prefer a natural lifestyle.

WHITE ESSENCE

Bringing
Timeless Hotel Elegance
to Your Home

Our **Hotel Line collection** combines the comfort and sophistication of luxury hotels with home textiles. Highlighting the **cleanliness, brightness, and refined presence** of white, the products are enriched with sateen qualities as well as jacquard, dobby, and striped pattern alternatives.

Favored in both premium hotel concepts and homes for their soft texture and hygienic structure, this series creates a **classic and elegant atmosphere.**

With embroidery details and refined finishing, our collection adds aesthetic and functional value to plain white products.

Designed for those who want to experience hotel luxury at home, the collection emphasizes durability and quality.

ARTISAN TOUCH

Graceful Stitches
Masterfully Crafted

Our **Embroidered Set collection** offers decorative and functional excellence in both hotel and home textiles. Embroidery adds not only a visual flourish but also a sense of added value and quality.

Presented across a wide range from mid-tier to premium products, the collection stands out with meticulously crafted embroidery details.

Elegant embroidered designs provide a superior experience both visually and tactilely, while guaranteeing durability and long-lasting use.

The **artistic touch** of embroidery creates distinction in every setting and elevates brand prestige.

BEDSPREAD LINES

Eco-Friendly and Elegant Solutions
with the Brilliance of Lyocell

Our bedspread collections

are crafted with a unique blend of cotton and lyocell yarns. Lyocell's natural shine and softness add elegance and comfort to the woven texture, while aligning with our eco-friendly production philosophy.

With soft color options and dobby pattern diversity, the collection offers a wide product range. Coordinated sheet and pillow sets provide a holistic design concept.

Balancing aesthetics and functionality, our bedspreads are ideal for those seeking natural and refined touches in home textiles.

SOFT CREPE

Modern Touch

Our **Soft Crepe collection** is inspired by traditional crepe fabrics but redesigned into a special duvet cover quality with a unique surface texture. Developed within our own weaving facilities, this product group serves as an ideal base for printed designs and offers an alternative to standard duvet covers.

With its soft hand feel, durability, and elegant appearance, it has become a favorite for those seeking modern and stylish options in home textiles.

FLANNEL

Warmth and Strength
for Winter Comfort

Our **Flannel collection**, a winter essential, stands out with its softness and durable structure. With carefully selected yarns and superior production processes, we deliver **long-lasting and comfortable products**.

Printed pattern options add a modern and stylish touch, while the natural warmth of flannel provides extra coziness.

With a quality that exceeds market standards, our flannels are the perfect choice for those seeking warmth and style during the colder months.

BAMBOO STRIPE

Harmony of Shades and the
Elegance of Stripes

Our Stripe collection

combines matte and glossy textures through the use of lyocell warp yarns, creating a distinctive effect.

Tone-on-tone patterns,

custom stripe options, and dobby weave variations deliver stylish and functional products suitable for everyday use.

With its glossy appearance and soft hand feel, the Stripe series is a modern and refined bedspread alternative, designed especially for those who appreciate linear details in home textiles.

SILKY SATEEN

Luxury at Its Peak of
Shine and Softness

Crafted with Micro Tencel yarns, our Siky Sateen collection delivers an exceptionally bright and soft texture, offering a premium experience.

Perfect results are achieved in both solid dyeing and digital printing, enhancing the products' aesthetic and functional quality. With its delicate touch and modern designs, Siky Sateen has applications ranging from private jets to homes, **symbolizing luxury and comfort in home textiles.**

TENCEL CRAFT

Radiant Details
in Patterns

Our Tencel Craft collection is created on dobby looms, featuring fine, delicate, and geometric patterns. Thanks to the interplay of shiny and matte lyocell fibers, the designs appear more pronounced and refined.

Providing a jacquard-like appearance while maintaining a soft hand feel, this collection conveys a sense of high quality. Designed for those who appreciate elegance in details, Tencel Craft offers innovative and stylish solutions for home textiles.

THE ART OF SEWING

Refined Expressions
of Sewing Mastery

Our Luxury Banded Model collection highlights superior sewing techniques and creative design details, showcasing visual richness. With special stitching methods such as baretto and cornelli, we deliver stylish and durable products tailored to brands.

This collection demonstrates our advanced confection skills, blending quality and aesthetics in every detail, and providing customized solutions for unique design demands.

COMPACT SATEEN

Classic Elegance,
Trusted High Segment Quality

Our Compact Sateen collection represents a classic quality standard in home textiles. With its printing performance, extensive design archive, and soft hand feel, it balances elegance and durability for the upper mid-range segment.

As a dependable and refined choice, Compact Sateen appeals to those seeking timeless yet stylish designs.
