Production Capacity & Lead Times

At Sinnova Group, we are able to accommodate both small capsule collections and larger-scale production runs, ensuring flexibility for our clients.

Sampling: 3–4 weeks, depending on design complexity and materials

Standard Lead Times: 12–16 weeks for bulk production (article and quantity dependent)

Monthly Capacity: Outerwear (leather & fur): approx. 1000 pcs

Ready-to-Wear garments: approx. 2000-3000 pcs

Accessories (bags, slippers, small leather goods): approx. 1000-2000 pcs

This flexibility allows us to work successfully with both established international brands and emerging designers, adapting to their timelines and business models.

SINNOVA GROUP:

Your solution partner - working to support, supply and grow the business of both established & start up brands.

Flexible - forward thinking - problem solving - offering quality, experience and competitive pricing
