## ABOUT US

Eco-friendly approach, innovation, customer orientation, quality and experience best describe Agersan Plastik. Recognizing the increasing dominance of plastic in industry and in people's lives, we understand the importance of recyclable plastic for a sustainable world. However, with our advanced mold technology, we are ready for production with our designs that meet your needs.

As the pioneer of plastic injection technology, we have been offering quality injection mold products to our users since 2012. In addition, our services include the production of plastic injection products, injection mold design and production and assembly. With more than 10 years of experience in the industry, we aim to become one of the industry leaders.

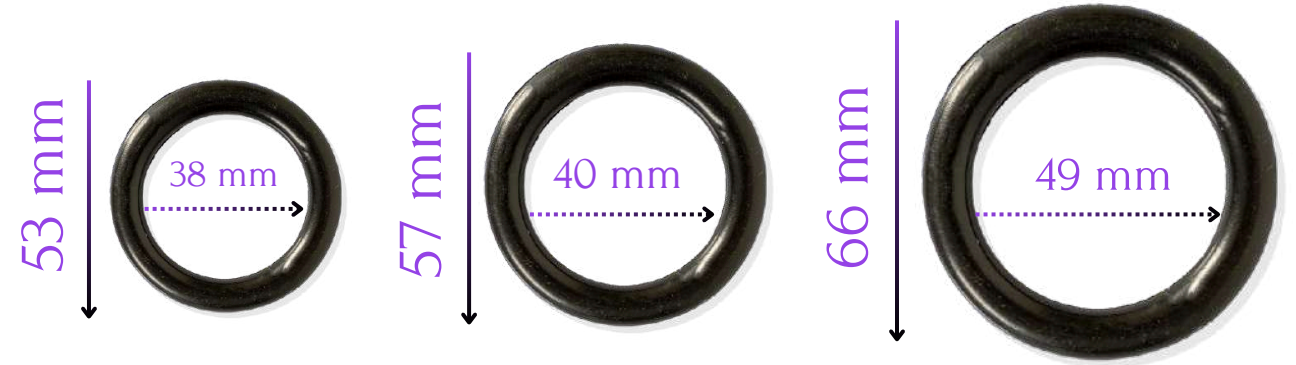

We offer innovative solutions by pushing the limits of plastic injection technology. In addition to continuous improvement, we aim to grow and develop by being the best in our industry. By concentrating our technological know-how on curtain accessories and mechanisms, we want to offer the best and affordable solutions to your changing expectations.

## Plastic Curtain Ring

Agersan Plastic Curtain Ring is a product that offers aesthetics and functionality in modern interiors. Specially designed for rustic curtain systems, these rings create a stylish atmosphere while ensuring that the curtains open and close properly.

Easy and fast installation offers a great advantage for users looking for practical solutions. Produced in 28, 30 and 40 sizes, the rings help to create an environment reflecting modern tastes with colour options such as **walnut, oak, white, cream, black, anthracite, natural, silver and gold.** They can also be purchased individually or as a set with clips in the same colours.

(Colours may vary due to light).

## Plastic Curtain Clip

Agersan Plastic Plastic Curtain Clips are practical and functional apparatus that allow the curtains to hold on to the ring; it is very easy to use, the clip is threaded into the curtain ring and threaded into the pipe by closing it. Manufactured from high quality plastic material, these clips adapt to the decoration of the spaces with various colour options such as **walnut, oak, white, cream, black, anthracite, natural, silver, gold.**

(Colours may vary due to light).

## Rustic Curtain Rail Clamp

Agersan Rustic Rail Clamp is an important apparatus that is attached to the dowel of rustic pipe heads and prevents rustic curtains from coming out of the pipe. These clamps, which attract attention with their aesthetic appearance and practical use, facilitate the assembly process as they are made of plastic material. Rustic Rail Clamps offer different colour options such as **oak, walnut, white, black, cream, anthracite, silver, gold and natural**. Users can also have special production in the colours they wish.

During use, the rustic pipe should be mounted in a suitable place, then the rail clamp should be passed to the dowel of the pipe and fixed with the rail cover. This process ensures safe operation of the curtain system.

(Colours may vary due to light).

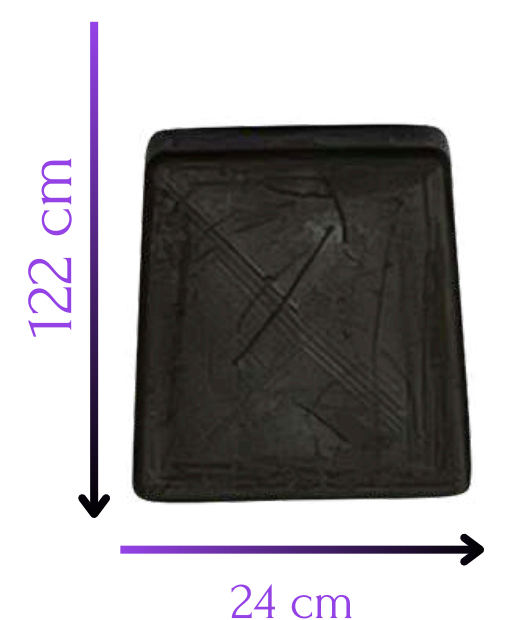

## Rustic Curtain Rail Cover

Rustic Rail Covers are rectangular covers to which the rail clamp is attached, they are used in rustic cornice systems and prevent rustic curtains from coming out of the pipe and ensure proper operation. In addition to **black, oak, walnut, white, cream, cream, silver, anthracite, natural, gold and transparent** colours, users can also have rail covers produced in the colour of their choice.

Rustic Rail Covers are used in the installation of rustic curtains as a durable alternative to plastic cornices on balconies. The installation process is quite simple; the rail covers can be easily mounted on the rustic curtain hanger by purchasing the rail covers together with the clamps.

(Colours may vary due to light).

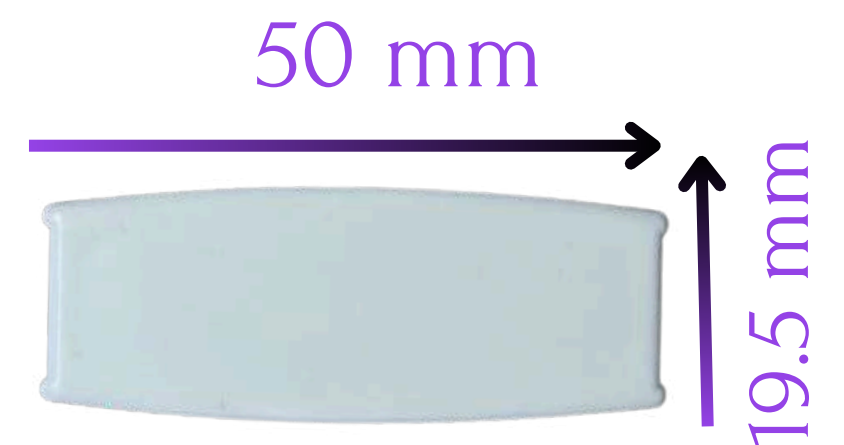

## Wooden Venetian Blinds Bottom Case Side Cover

Agersan Wooden Venetian Blinds Lower Case Side Cover is a perfect complement to the lower case part of your blinds, adding aesthetics and functionality. Our product provides complete integrity by perfectly covering both sides of the lower case. Made of high quality plastic material, these covers protect your blinds and make them last longer.

Thanks to its easy-to-install structure, it is designed to suit all your installation needs. Our product adapts to your interior decoration by offering different colour options. It appeals to every style with colour options such as **white, cream, black, anthracite, grey, brown, mustard and transparent.**

(Colours may vary due to light).

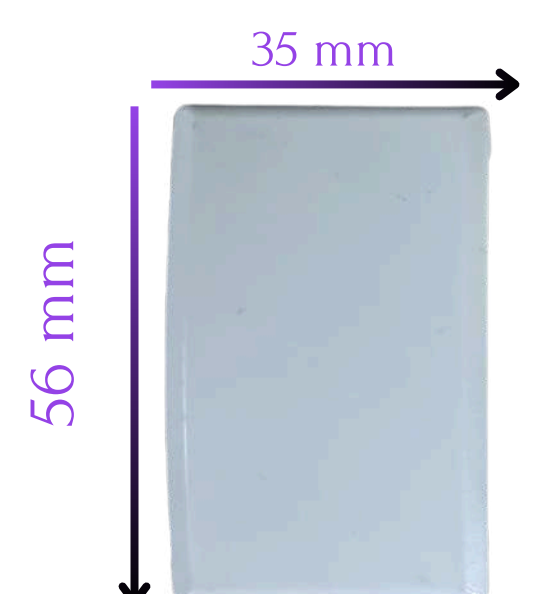

## Wooden Jalousie Ribbon Fixing Clip

Agersan Plastic Wooden Venetian Blinds Ribbon Fixing Clip is a product designed to fix the ribbons of the blinds regularly and securely. This clip facilitates the use of blinds both aesthetically and functionally. The clip ensures that the blinds remain fixed and smooth, preventing unwanted slipping and distortion, thus always offering a tidy appearance.

Colour options include **white, cream, black, anthracite, grey, brown, mustard and transparent.** This variety makes it easy for users to find the best option to suit their decor.

(Colours may vary due to lighting).

## Wooden Venetian Blinds Top Case Side Cover

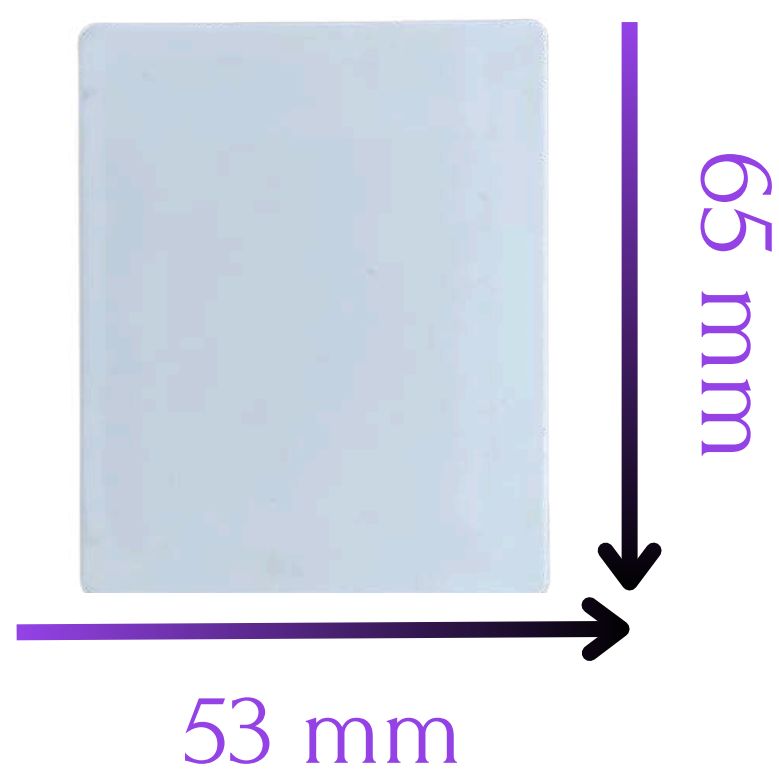

Agersan Plastik's wooden blinds top case side covers are an ideal solution that complements your blinds aesthetically and functionally. These covers provide a tidy and stylish appearance to the areas where the blinds are mounted, while at the same time providing protection.

This product, which is offered with ducted and ductless models that address different profile needs, facilitates assembly processes. Covers sold as right and left sets provide complete integrity by perfectly covering both sides of the upper frames. These covers increase the aesthetic value of the blinds while increasing their functionality; colour options include **white, cream, black, anthracite, grey, brown, mustard and transparent.**

(Colours may vary due to light).

### Channelled

### Channelless

## Wooden Venetian Blinds Cord Weight / Acorn

Agersan Plastic Wooden Venetian Blinds Cord Weight (Acorns) are an ideal product designed to facilitate the use of blinds and give them an aesthetic appearance. Available in both small and large size options, these cord weights provide a stylish appearance by keeping the rope taut thanks to their tough and full structures.

Available in colours such as **white, cream, black, anthracite, grey, brown, mustard, as well as gold and chrome** plated options, the cord weights perfectly match your blinds and give them a luxurious look.

(Colours may vary due to light).

### Short

### Tall

## Wooden Venetian Blinds Bottom Weight Cap

Agersan Plastik's Wooden Venetian Blinds Bottom Weight Cap is an ideal solution to complete the ropes in the bottom case of your blinds in a regular and aesthetic way. Available in two different types, these stoppers are designed according to your different needs.

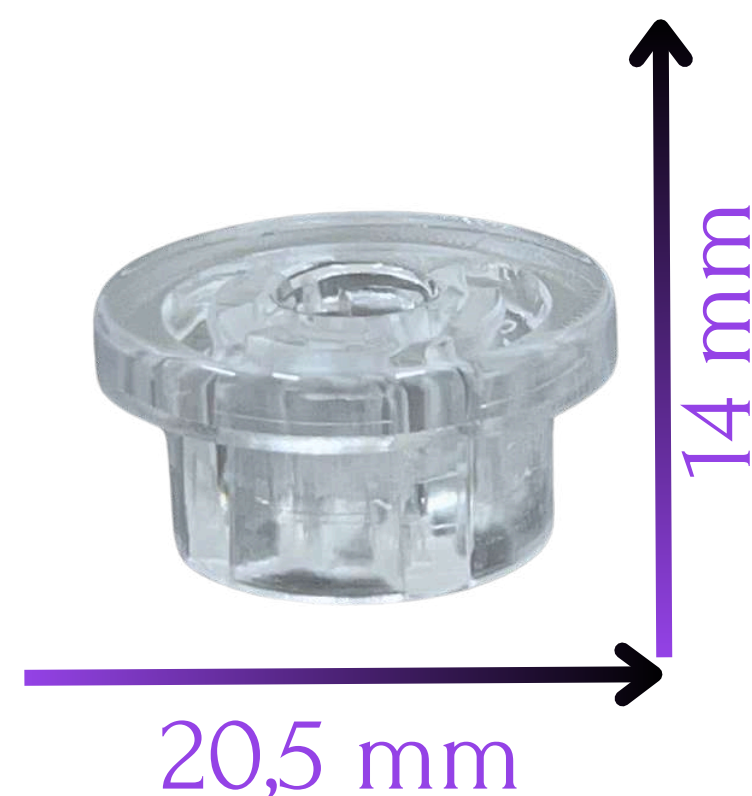

Small Cap: Available in **black, anthracite, walnut, cream, white, mustard, transparent and grey**, the small stopper provides a practical closure for the ropes on the lower frame of the blinds. Made of high quality plastic, it stands out with its durability and aesthetic appearance. The small stopper is suitable for more compact spaces and adapts to your decoration with various colour options.

(Colours may vary due to light).

Large Cap: Available in a transparent colour option, the large stopper perfectly fulfils the closing function for the ropes in the lower frame. Its transparent design provides a modern and elegant look while highlighting the original colours and patterns of your blinds. The large stopper is ideal for large areas and offers long-term use with its stylish appearance and durable structure.

(Colours may vary due to light).

## Decorative Rail Foot

Agersan Plastic Decorative Rail Foot product plays an important role in interior design together with the Decorative Rail Cover product. This product, which is offered in walnut, oak, white, cream, black, anthracite, grey colour options, is an ideal choice for users with its durable structure.

Decorative Rail Foot, which plays an important function in the installation of Decorative Rail, is necessary for the profile to hang properly and gain an aesthetic appearance; Our Agersan rail feet ensure the safe placement of the curtains, while balancing the weight and offering an aesthetic appearance, the installation is quite simple.

(Colours may vary due to light).

Tall

Short

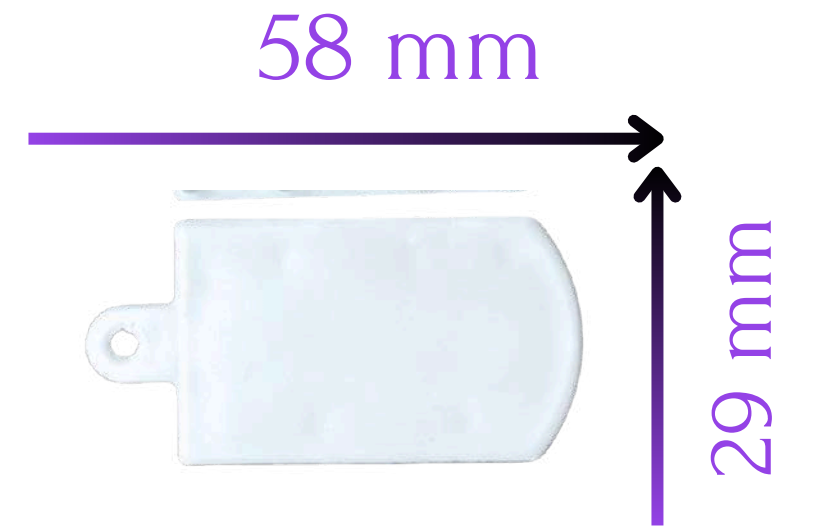

## Decorative Rail Cover

Our Decorative Rail Cover product allows you to achieve an aesthetic and tidy appearance by closing the gaps next to the profile of your decorative rail systems.

The covers are available in a wide range of popular colours such as **walnut, oak, black, grey, white, cream, natural, anthracite, gold and transparent**, and can also be produced in colours to suit your personal tastes upon special request.

(Colours may vary due to light).

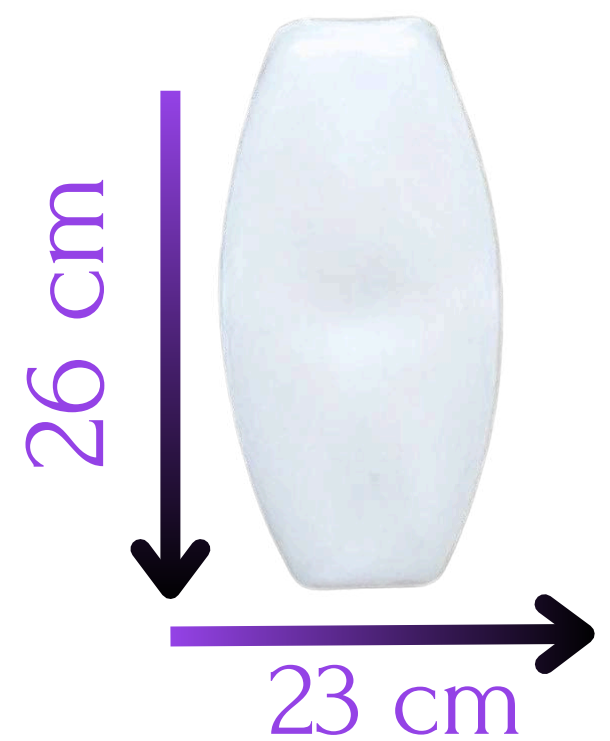

## Roller Blind Skirt Slat Stopper

Roller Blind Skirt Slat Stopper is an apparatus that allows the curtains to be properly fixed by attaching to the skirt slats of the roller blinds. These stoppers give an aesthetic appearance by preventing the curtain from folding and at the same time prevent the skirt slat from coming out of place. Roller blinds produced in **white and cream** colours provide colour integrity in different curtains.

(Colours may vary due to light).

## Zebra Bottom Weight Side Cap

Zebra Bottom Weight Side Cap is an important apparatus that ensures that zebra curtains are hung properly and maintain their aesthetic appearance. This cap is attached to the skirt slats of the zebra curtain fabric and helps to keep the slats in place together with the shaft stopper. Thus, problems such as slipping of the fabric during the use of the curtain or protrusion of the skirt slats are prevented. It is produced in **white and cream** colours.

(Colours may vary due to light).

## Zebra Bottom Weight Pipe Cap

Agersan Plastik's Zebra Bottom Weight Pipe Cap is a high quality apparatus that facilitates the assembly and use of your zebra curtains. This cap provides a stylish and complementary appearance by covering the end of the curtain shaft.

It is an ideal solution to complete the assembly of your zebra curtains in a smooth and aesthetic way. It is produced in **white and cream** colour options.

(Colours may vary due to light).
